Your work period is set by your supervisor and cannot be changed, except by your supervisor. Any change in your scheduled work hours must be in writing and approved in advance of the change in work schedule.

Time sheets will be kept as a record to document wage and hour regulations. Time sheets will be used as a payroll record for hourly employees. Failure to sign in and out for any work period will also result in corrective action.

This documentation must be submitted weekly. **Any time recorded by the employee in which the documentation is not received by the following week services are provide will be paid at minimum wage. To clarify this, employees that are required to turn in paperwork must have paperwork delivered no later than 5 pm Tuesday. Employees that mail paperwork must have a postmark date no later than Monday. Any documentation received after the above referenced times will result in the employee being paid minimum wage for these services.**

### PAYROLL

Employee paychecks will be issued every other Friday no earlier than 2PM. If a check is issued and mailed, the employee must wait 7 business days after the check disbursement date before requesting a stop payment to be placed on a check. In the event that a check is sent to the employee's old address due to lack of insufficient notification, the employee will be subject to a stop payment fee of \$30.00.

Employees who have questions about their pay should direct these questions to their supervisor.
